Sub: Adjustment of Futures and Options contracts in the security NMDC Limited (NMDC)

This is pursuant to NSE Circular no. 100/2021 (Download no. 50501) dated December 06, 2021 regarding Adjustment of Futures and Options contracts in the security NMDC. The following action with regards to clearing and settlement would be taken by NSE Clearing in this regard.

1. Action by the Clearing Corporation in respect of Futures Contracts:

Adjustment of futures contracts available in NMDC shall be carried out based on the reference rate of the relevant futures contracts on Dec 13, 2021 (last cum-dividend date). The reference rate to be reckoned for the purpose of adjustment shall be the daily mark to market settlement price of the relevant futures contract, which shall be reduced by the dividend amount.

Accordingly, all positions in futures contracts with the underlying security as NMDC would be marked-to-market on the last cum-dividend date i.e. Dec 13, 2021, based on the daily settlement price of the respective futures contract. Subsequent to such processing, open positions shall be carried forward at the daily settlement price less Rs.9.01 (dividend amount) for the respective futures contract.

From Dec 14, 2021 (ex-dividend date), daily mark to market settlement of futures contracts with the underlying security as NMDC would continue as per normal procedures

NSE Clearing Limited
