# Sub: Adjustment of Futures and Options contracts in the security TATA CONSUMER PRODUCTS LIMITED (TATACONSUM)

In pursuance of Byelaws of NSE Clearing pertaining to Clearing and Settlement of deals, SEBI circular reference SMDRP/DC/CIR-8/01 dated June 21, 2001, Circular no. 053 (Download no. NCL/CMPT/61801) dated April 29, 2024 and Circular no. 92/2024 (Download no. NSE/FAOP/63059) dated July 24, 2024 are hereby informed the procedure for adjustment of Futures and Options contracts in the underlying security TATA CONSUMER PRODUCTS LIMITED (TATACONSUM), on account of Rights Issue.

The methodology for computation of 'adjustment factor' for the corporate action shall be as given by Circular no. 92/2024 (Download no. NSE/FAOP/63059) dated July 24, 2024. The following action would be taken by NSE Clearing in this regard.

### **1.** Action by the Clearing Corporation in respect of Futures Contracts:

All open positions in Futures contracts with the underlying security as TATACONSUM existing after end of day on July 25, 2024, will be adjusted as under:

Positions: The adjusted positions shall be arrived at by multiplying number of contracts in the pre adjusted position by the adjusted market lot. The adjusted market lot shall be as per the Circular no. 92/2024 (Download no. NSE/FAOP/63059) dated July 24, 2024.

Futures Price: The adjusted futures price would be based on the settlement price of the relevant futures contracts on July 25, 2024. Adjusted futures price shall be settlement price of relevant futures contracts on July 25, 2024, multiplied by 'adjustment factor'.

Adjusted value: In order to avoid difference arising due to rounding off of adjusted settlement price, the carry forward/adjusted value shall be computed by multiplying pre adjusted futures long/short quantity with pre adjusted settlement price. Accordingly, all positions in futures contracts with the underlying security as TATACONSUM would be marked-to-market on July 25, 2024, based on the daily settlement price of the respective futures contract. Further, the adjusted positions would be carried forward at the adjusted value.

From July 26, 2024, daily mark to market settlement of futures contracts with the underlying security as TATACONSUM would continue as per normal procedures.

### 2. Action by Clearing Corporation in respect of Options Contracts:

All open positions in Options contracts with the underlying security as TATACONSUM existing after end of day on July 25, 2024, will be adjusted as under:

The adjusted positions shall be arrived at by multiplying number of contracts in the pre adjusted position by the adjusted market lot. The adjusted market lot shall be as per the Circular no. 92/2024 (Download no. NSE/FAOP/63059) dated July 24, 2024.
